

District Partner Opportunities for Engagement

With POPEY's support, District Partners can share what's happening in their district, learn more about current practice and research in the fields of literacy, inclusion, and supporting diverse learners, as well as collaborate with POPEY and colleagues from across the province.

Communicate and Connect

Communicate and connect with POPEY and your district

- Partner with POPEY to build personal capacity; then share relevant information with your district.
- Network with POPEY and other districts to explore resources and strategies; then share back with your district.
- Network with POPEY and educators across the in order to share & learn from each other's successes, initiatives and innovative approaches.

Build Capacity

Liaise with POPEY to learn and share current practice, resources and Professional Learning opportunities.

- Continue to build the foundational understanding of effective classroom practice and comprehensive literacy instruction - in an inclusive classroom setting, including support for diverse learners.
- Liaise with POPEY to have one of the Teacher Consultants deliver workshops in your district or region-
- Validate and support teachers
